

HNS

Angled Head Hydraulic Nut Splitters

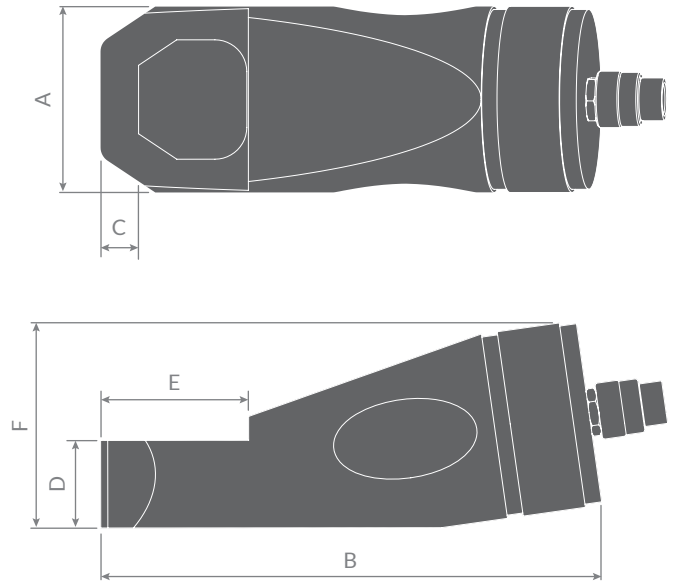

A range of 10,000Psi 700Bar single acting hydraulic nut splitters with compact design to maximise the range of application.

The Angled head makes the HNS range suitable for applications with nuts protruding through large plates.

Each tool covers a range of nuts defined by the across flat dimension (AF).

Kit Contents:

- 1x HNS Nut Splitter
- 1x Cutting Blade (fitted to the tool)
- 2x Hex Key
- 1x Robust Carry case
- with protective foam insert

Model Number	Hexagon AF Nut Range	Hydraulic oil capacity	Dim. A	Dim. B	Dim. C	Dim. D	Dim. E	Dim. F	Capacity
